7 Tips for Hiring a Contractor

KNOW WHAT YOU WANT Determine in as much detail as you can what you want to have done and what you can afford.

WRITE IT DOWN: Prepare a written bid sheet for the contractors to refer to when they arrive. Include clear start and completion dates.

SOLICIT BIDS: Obtain the names of at least three contractors who do the type of work you're interested in having done and schedule a time to meet with them.

GET VERIFICATIONS : Find out who the contractor is, how long they have been in business and that all his business papers are in order.

TALK WITH OTHERS: Check references. Ask about the contractor's quality, professionalism and timeliness. Arrange to see some past work if you can.

COMPARE THE BIDS: When all bids have come in, compare for price, completeness and duration/coverage of warranty.

SELECT THE CONTRACTOR Make a selection based on compatibility, competence and price; and make sure you and your contractor are a good team!
